All PDFs must be generated using the PDF/x-1a:2001 presets. Any PDFs in the RGB colour space will be converted and may result in undesired colours. PDFs must be supplied at the final printed size in CMYK format with no spot colours, all fonts embedded and with all images at 300dpi resolution. The ideal CMYK profile for Irish Arts Review is 'ISOCoatedFogra39'.

For full page adverts there should be a 4mm bleed all around and crop marks must be offset by 5mm or 15pt. Text and logos must be within a safe area of 8 – 10mm from the edge of page. An industry standard colour proof such as digital cromalin must be supplied with supplied ad copy to ensure colour and copy accuracy. If a proof is not supplied, the IAR will not accept responsibility for any discrepancies or variations in colour caused during the printing process.
